Dear Andrew

A correspondent has brought to my attention his concerns about the possibility of the land where the Wrightington Hospital now stands being sold.

I would very much welcome an update from you to let me know if this sale is indeed planned. It would be of great concern to me if such a national and international centre for joint replacement were to be lost to the area, particularly as we are becoming an increasingly ageing population with increasing need for these types of procedures.

I would be very grateful if you could let me know what is being planned for the Wrightington Hospital and look forward to hearing from you.

Yours sincerely

AB
