Ask 3 Questions

Become more involved in decisions about your healthcare. You may be asked to make choices about your treatment. To begin with, try to make sure you get the answers to three key questions:

1. What are my options?
2. What are the pros and cons of each option for me?
3. How do I get support to help me make a decision that is right for me?

How We Use Your Personal Information

For details on how we collect, use and store the information we hold about you, please take a look at our "how we use your personal information" leaflet which can be found on the Trust website:
