Welcome to Orrell Ward

Orrell Ward is a short stay General Surgical Unit.

Orrell Ward has 16 beds consisting of a 10 bedded bay (depending on the needs of the service, this can be male or female); two side wards, one of which is en-suite and 2 male and 2 female beds located in the Surgical Assessment Unit.

This leaflet gives you some basic information about Orrell Ward and what you may expect. You will be cared for by a registered nurse or assistant practitioner and a healthcare assistant.

What happens next?

When you arrive on Orrell Ward, the following information will be acquired:

- You will be asked questions about yourself and your past history.
- Your blood pressure, temperature, pulse, oxygen levels and respiration rate taken.
- If you are going to theatre then a pre-operative questionnaire will be completed.
- You will be weighed.
- If you are nil by mouth, fluids may be commenced via a cannula in your arm.

Behind your bed is a white board, which gives you some relevant information:

- Your Consultant
- Your expected date of discharge
- The nurse caring for you
- Your preferred name
- Other signs are used e.g. nil by mouth, free fluids

Whilst on Orrell Ward, the doctor will decide whether you need further investigations. For example:

- X-rays
- Ultrasound scans
- CT scans
- Blood tests

Due to Orrell Ward being a short stay ward, you may be transferred to one of the male or female Surgical Wards if a longer stay is required.
Visiting Times

The visiting times for Orrell ward and SAU are: Every day 2pm to 5pm and 6:30pm to 8pm.

We would like to reassure you that safeguarding your privacy and dignity is a high priority for all our staff. The Ward does have separate male and female bays. However, if you have any anxieties at all, speak to the nurse looking after you.

Ask 3 Questions

Become more involved in decisions about your healthcare. You may be asked to make choices about your treatment. To begin with, try to make sure you get the answers to three key questions:

1. What are my options?
2. What are the pros and cons of each option for me?
3. How do I get support to help me make a decision that is right for me?

How We Use Your Information

For details on how we collect, use and store the information we hold about you, please take a look at our “how we use your information” leaflet which can be found on the Trust website: www.wwl.nhs.uk/patient_information/Leaflets/default.aspx

This leaflet is also available in audio, large print, braille and other languages upon request. For more information please ask in department/ward.
