PUBLICATIONS:

Molajo AO, Bray CL, Beton DC, Prescott MC, Tests HJ, Mousalli H.
Nuclear Medicine Communications 1986; 7:280.

Molajo AO, Remington SR, Thomas WT, Deiraniya AK.
Clinical implications of inadvertent monitoring of pulmonary artery pressure via a 'left atrial' catheter.
Cathet Cardiovas Diagn 1987; 13:42.

Molajo AO, Bennett 2DH, Marlow HF, Snow HM, Bastain W.
Effects and dose-response relationship of Xamoterol in patients with angina and left ventricular dysfunction.

Molajo AO, McWilliam L, Ward C, Rahman A.
Cardiac Lymphoma. Clinical, echocardiographic, Haemodynamic and Pathological features of a case.
Eur Heart J 1987; 8:549.

Molajo AO, Bennett DH, Ashcroft C, Lucas SB.
Is there a correlation between haemodynamic variables and exercise tolerance in patients with chronic left ventricular dysfunction.
Br Heart J 1987; 57:96.

Molajo AO, Ward C, Bray CL, Dobson D.
Comparison of the Performance of the Superflow (SF) and conventional 8F catheters in patients undergoing cardiac catheterisation by the femoral route.

Molajo AO, Bray CL, Prescott MC, Tests HJ.
Thallium myocardial imaging in patients with Angina Pectoris and Anomalous Aortic Origin of the Circumflex Coronary Artery.

Molajo AO, Bennett DH, Bray CL, BRooks NH, Ward C, Rahman AN, Moussalli H, Dark JD, Fragher B.
Actuarial Analysis of the late results after closed mitral valvotomy.

Molajo AO.
Time to Achieve Haemostasis with 8F vs 5F Catheters is not Significant.

Molajo AO, Bray CL, Prescott MC, Tests HJ, Mousalli H.
The utility of pre-operative Thallium scintigraphy in a patient with anomalous aortic origin of the left coronary artery.
