Dear

## INFORMATION REQUEST UNDER THE FREEDOM OF INFORMATION ACT 2000

We are now pleased to respond to your request for information under the Freedom of Information Act.

You asked:

*Can you please provide me with the number of people arriving at hospital (both at A&E and Minor Injuries Units) in your Trust's area that are due to injuries caused or related to trampolining.*

As there is no dedicated ICD-10 code for falls from trampolines we are not able to identify these incidences.

Therefore the rest of the answers are n/a.

*This means that if the admissions team note that either the main cause or partial cause of the person coming into the hospital or unit is to do with taking part in trampolining activity.*

*I would like this information broken down in annual figures for 2013, 2014, 2015 and 2016 to date.*

*Can the figures also be broken down into adult and paediatric admissions.*

I trust that this information is helpful to you, however if you are not entirely satisfied with this response please do not hesitate to contact the Information Governance Department on 01257 488271. If we do not hear from you within 28 days we will assume that we have been able to accommodate your request under the Freedom of Information Act 2000.

Yours sincerely,

**Andrew Foster**
