12th September 2018

Dear

INFORMATION REQUEST UNDER THE FREEDOM OF INFORMATION ACT 2000

We are now pleased to respond to your request for information under the FOI Act.

You asked:

We would be grateful if you could answer the following questions, relating to the support provided to patients with a diagnosis of secondary breast cancer under the care of your Trust.

By a diagnosis of secondary breast cancer, we mean breast cancer that has spread to other parts of the body such as the bones, lungs, liver or brain. Secondary breast cancer is also referred to as 'metastatic' or 'advanced' or 'stage 4' breast cancer.

Our questions

Holistic Needs Assessments (HNAs)

1) *Do patients with secondary breast cancer have a Holistic Needs Assessment (HNA), used to plan their care, conducted at the point of diagnosis (of their secondary breast cancer) and/or as their treatment changes?*

- *Yes, at the point of diagnosis only*
- *Yes, at the point of diagnosis and as their treatment changes*
- **No**
- *Other/unsure (please provide further information if possible)*

2) *If yes, do the HNAs cover the following areas? N/A*

- *Emotional concerns and needs (yes/no)*
- *Physical concerns and needs (yes/no)*
- *Information needs (yes/no)*

- Consideration of palliative care needs (yes/no)

Access to a Clinical Nurse Specialist

- 3) How many people with secondary breast cancer are currently under the care of your Trust? **Not Known**
- 4) Do all patients with secondary breast cancer under the care of your Trust have access to a Clinical Nurse Specialist (CNS) with the appropriate skills, knowledge and experience of secondary breast cancer? (Yes/**No**)
- 5) If yes, do these nurses:
- a) provide care to secondary breast cancer patients only? (yes/no)
- b) provide care to both primary and secondary breast cancer patients? (yes/no)
- 6) If yes, please provide the number of CNS posts that fall under each of these categories (as applicable):
- a) CNSs that provide care to secondary breast cancer patients only
- b) CNSs that provide care to both primary and secondary breast cancer patients
- 7) If there are CNS posts within your Trust that provide care to both primary and secondary breast cancer patients, please tell us if they:
- a) work in a combined role (where the care of both primary and secondary breast cancer patients is part of their formal job description) (Yes/**No**)
- b) work across both areas but their formal job description only covers primary breast cancer patients (Yes/**No**)

Information and referrals

- 8) At diagnosis and/or during the time they are under the care of your Trust, are patients with secondary breast cancer provided with the following information and/or referred to the following services?
- local and national secondary breast cancer support services (yes/No) **Yes**
 - specialist services for financial and employment advice (yes/no) **Yes**
 - information on talking to those closest to them about the impact of living with secondary breast cancer (yes/no) **No**
 - information about support available for family members (yes/no) **No**
 - local palliative and supportive care services, including referral for symptom control when needed (yes/no) **Yes**
 - support and information on planning end-of-life care (yes/no) **No**

Treatment Summaries

- 9) Do patients with secondary breast cancer receive a Treatment Summary* at the end of each significant phase of treatment? (yes/no) **No**

Access to Health and Wellbeing Events

- 10) Does your Trust offer a Health and Wellbeing event* suitable for patients with secondary breast cancer? (yes/no) **No**

By suitable, we mean that it is adapted to be relevant to the needs of those living with secondary breast cancer. For example:

- focuses on living with cancer, rather than adapting after finishing treatment

- *may be more than one session, rather than a single event*
- *may include discussions on specific topics such as palliative care*

*(*A Health and Wellbeing event is defined as a group education and support event which helps people to manage their physical and psychological health after a cancer diagnosis. An example of this is Breast Cancer Care's 'Living with Secondary Breast Cancer' service)*

I trust that this information is helpful to you, however if you are not entirely satisfied with this response please do not hesitate to contact the Information Governance Department on 01257 488271. If we do not hear from you within 28 days we will assume that we have been able to accommodate your request under the Freedom of Information Act 2000.

Yours sincerely,

Pauline Law
Director of Nursing

PLEASE NOTE:

The information supplied to you continues to be protected by the Copyright, Designs and Patents Act 1988. You are free to use it for your own purposes, including any non-commercial research you are doing and for the purposes of news reporting. Any other reuse, for example commercial publication, would require the permission of the copyright holder. You must ensure you gain their permission before reproducing any third party information.

If you are unhappy with the service you have received in relation to your request and wish to make a complaint or request a review of our decision, you should write to: Information Governance Department, Wrightington, Wigan and Leigh NHS Foundation Trust, Wrightington Hospital, Hall Lane, Appley Bridge, Wigan, WN6 9EP

If you are not content with the outcome of your complaint, you may apply directly to the Information Commissioner for a decision. Generally the ICO cannot make a decision unless you have exhausted the complaints procedure at: The Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF
