Oncology

Wrightington, Wigan and Leigh NHS Foundation Trust

Partnership Links

• **Established links with Salford Royal Hospital**

- **Retrieval of tumour blocks – ensuring a prompt and efficient service**

• **Excellent links with the Christie hospital. Wigan is a 'Christie @' Site – therefore,**

- **We work closely with the Christie Consultants based at Wigan**
- **have good communication links with all departments.**
- **access to the Christie Web Portal allowing the team access to all patient records.**
- **This ensures good data retrieval and also allows for a seamless patient pathway.**
- **WWL is currently exploring further collaborative working with the Christie Hospital in delivering phase III trials**

• **WWL Radiology Department – provides excellent support to all research activity throughout the Trust**

• **Pharmacy – A knowledgeable team who provide a named GCP trained Trials Pharmacist for the Oncology Research Team**
