Ask 3 Questions

Become more involved in decisions about your healthcare. You may be asked to make choices about your treatment. To begin with, try to make sure you get the answers to three key questions:

1. What are my options?
2. What are the pros and cons of each option for me?
3. How do I get support to help me make a decision that is right for me?

How We Use Your Information

For details on how we collect, use, and store the information we hold about you, please see patient information leaflet, Ref. Corp 006 How we use your information, this can be found on the Patient Information Leaflets page on the Trust website:
<https://www.wwl.nhs.uk/patient-information-leaflets> type Corp 006 under the heading **Information Leaflets**.

This leaflet is also available in audio, large print, braille, and other languages upon request.
For more information please ask in the department/ward.

Access to Community Services Team

The Access to Community Services Team (ACST) is based at Wigan Royal Albert Edward Infirmary. We are a team of Nurses, Occupational Therapists and Physiotherapists and we are available seven days a week between the hours of 8am to 6pm.

Our aim is to support your safe discharge from hospital once you have been assessed by a doctor and are deemed medically well. We can work together with you to access a range of services to ensure that your discharge from hospital is as safe as possible.

Discharge straight home may be possible with support from ACST or other services provided in the community. Examples of support may include short term assistance with activities of daily living, such as personal care, or short-term provision of aids/equipment to maximise independence and safety at home.

Sometimes we may find that discharge straight home is not the safest option, and in this case, we may discuss transfer to our residential rehabilitation facilities. This is a place where you can stay for a period of time to allow you to work with Nurses, Physiotherapists and Occupational Therapists to improve your abilities, in order to return home safely.

If either of these options are unsuitable, we can access a Social Worker to carry out an assessment of your needs.

Who is eligible for the service?

The service is available to all patients over the age of 18 years.

What if I have a problem after I have been discharged?

If you have any concerns, questions, or experience any difficulties after your discharge, please contact our Single Point of Access Team (01942 481221). They can assist you by providing access to the advice and support you require.
