Expiry Date: July 2026

**Our Values**

**People at  
the Heart**

**Listen and  
Involve**

**Kind and  
Respectful**

**One  
Team**

## Who are we?

We are members of a group of health workers called Allied Health Professionals (AHPs) and are based at Wigan and Leigh Hospice.

All members of the team have undertaken specialised training to provide high quality life enhancing care for patients who are living with cancer and / or other life limiting diseases.

The multi-disciplinary team consists of AHPs from:

- Physiotherapy
- Occupational Therapy
- Nutrition and Dietetics
- Speech and Language Therapy

All professions are supported by a rehabilitation practitioner and admin support

We work closely with District Nurses, General Practitioners (GPs), hospice staff, hospital staff and many other health and social care professionals to provide expert care.

## What we do?

We work with people who are experiencing difficulties in their everyday life because of their illness or its treatment.

This can be at any point in time during or after your treatment.

Difficulties vary but may include symptoms such as:

- Anxiety
- Breathlessness
- Pain
- Low energy levels
- Muscle weakness
- Difficulty eating, drinking, or swallowing
- Weight loss
- Bowel problems
- Difficulty communicating.

## What will happen after I have been referred to the team?

You will be offered an appointment for an individual assessment by one or more members of the team. With your agreement, the therapist will ask you questions about the impact of your illness on everyday life. You will be given time to explain your priorities and main concerns.

Together you will agree an individualised plan aimed at meeting your needs.

The plan may include:

- Assessment and advice on suitable equipment
- Relaxation techniques
- Review of mobility
- Exercise programmes
- Advice on diet and nutrition
- Breathlessness management
- Fatigue management
- Strategies to assist communication.

### **Where will the appointments take place?**

You will be offered an appointment at a venue that most suits your needs.

That may be:

- In the outpatient clinic at the hospice
- In your own home
- On the hospice ward
- In another suitable location.

### **How often will I be seen?**

Assessment of your needs may require more than one appointment session with one or more members of the team.

Once a plan has been made further sessions will be agreed at mutually convenient dates and locations for you and your therapist(s).

When your plan has been completed you will be discharged from the care of the Macmillan Allied Health Professionals Team. You may be referred to other services outside of our team for additional help.

You can request a re-assessment if your needs change or new problems arise following discharge.

### **How can I contact the Macmillan Allied Health Professionals Team?**

Royal Albert Edward Infirmary  
Wigan Lane  
Wigan  
WN1 2NN

---

## Ask 3 Questions

Become more involved in decisions about your healthcare. You may be asked to make choices about your treatment. To begin with, try to make sure you get the answers to three key questions:

1. What are my options?
2. What are the positives and negatives of each option for me?
3. How do I get support to help me make a decision that is right for me?

---

## How We Use Your Information

For details on how we collect, use, and store the information we hold about you, please see patient information leaflet, Ref. **Corp 006** How we use your information, this can be found on the Patient Information Leaflets page on the Trust website, see details on the front cover.

This leaflet is also available in audio, large print, Braille, and other languages upon request. For more information, please ask in the department/ward.
