

Reproductive Health

Wrightington,
Wigan and Leigh
NHS Foundation Trust

The Fertility Fusion Centre

Fertility Fusion provides both NHS and private fertility services. The Unit was made possible by a partnership between Wrightington, Wigan and Leigh NHS Foundation Trust and the Hewitt Fertility Centre, part of the Liverpool Women's NHS Foundation Trust.

Not only was the building funded by both organisations, but the partnership extends into the clinical activity of the unit, which means we have access to the very latest in assisted technology, which improves pregnancy success rates.

We are a satellite IVF unit which means that the majority of our egg recoveries and embryo transfers take place at the Hewitt Fertility Centres. All other treatment options can be carried out at our Unit at Wrightington Hospital.

Awards & Achievements

- WWL Research Team Winner of "Best Debut" at Greater Manchester Clinical Research Awards 2016
- Involved in pioneering research – first and only UK site recruiting to study comparing Slow Release Insemination to Standard IUI

"We can't tell you how much we appreciate everything you have done for us. Without your help we wouldn't have our precious little baby"

Our Award Winning Team

Services

- Fertility assessments and investigations for both men and women
- A full range of treatments for fertility problems
- Lifestyle advice which will improve fertility and chances of conceiving
- Full counselling service
- Complimentary therapies which can be beneficial, aid relaxation and reduce stress levels – key to boosting fertility
- The Unit is licensed by the Human Fertilisation & Embryology Authority (HFEA)

"All the staff have always been so nice and understanding. We can't thank you enough for helping us to give us what we have wanted for so long, our miracle baby!"
