Dear Sir/Madam

With reference to your request for information received on 10th September 2024, I can confirm in accordance with Section 1 (1) of the Freedom of Information Act 2000 that we do hold the information you have requested. A response to each part of your request is provided below.

In your request you asked:

I am writing to request information under the Freedom of Information Act 2000. I kindly ask for details regarding the following:

1. CIO and Chief Data Officer:

- a. Who is the current Chief Information Officer (CIO) at your NHS trust and please could you provide their contact email?**

This post is currently vacant.

- b. Who is the current Chief Data Officer (CDO) and please could you provide their contact email?**

David Chapman.

The Trust does not routinely give out email addresses and direct telephone numbers of staff members, as large numbers of unsolicited emails/telephone calls, could cause disruption by blocking email accounts/telephone lines thus preventing true work-related emails/calls from being delivered. However, any of the above staff can be contacted via main switchboard on 01942 244000.

- c. If your trust does not have a designated CDO, could you please provide the name and position of the most senior person responsible for data management and data governance within the organisation - and please could you provide their contact email?**

N/A.

2. Data Tools and Technologies:

a. Could you please provide a list of the data tools and technologies currently in use by your trust (e.g., data integration, data governance, data quality, data privacy tools, data visualisation tools, data storage solutions, etc.)?

- Snowflake on Azure cloud.
- Azure Data Factory.
- QlikSense.
- Vizlib.
- CACI Inview (Contract ends 30/09/2024. Contract will not be renewed).
