

Ref: FOI/2023/9468

Date Received: 14th December 2023

Response Due: 16th January 2024

Date: 16th April 2024

Dear Sir/Madam

With reference to your request for information received on 14th December 2023, I can confirm in accordance with Section 1 (1) of the Freedom of Information Act 2000 that we do hold the information you have requested. A response to each part of your request is provided below.

In your request you asked:

1. How many patients were treated in the last 4 months (August to November 2023) by the dermatology department with each of the following products:

- **Abrocitinib (Cibinqo)** = <5
- **Acitretin** = 16
- **Alitretinoin (Toctino)** = <5
- **Azathioprine** = 5
- **Baricitinib (Olmiant)** = 0
- **Ciclosporin** = 12
- **Dupilumab (Dupixent)** = 58
- **Methotrexate** = 128
- **Mycophenolate mofetil** = 10
- **Pimecrolimus (Elidel)** = 33
- **Phototherapy (UVB or PUVA) - for Atopic Dermatitis only**
The Trust is unable to provide this data as it is not recorded centrally, if recorded it would be held within individual case notes. As case notes are for the care and treatment of patients, we do not request staff to interrogate them in order to collate the information required to respond to Freedom of Information requests.
- **Tacrolimus ointment (Protopic)** = 36
- **Tralokinumab (Adtralza)** = <5
- **Upadacitinib (Rinvoq)** = 5

2. Of the patients treated in the last 4 months with any of the products listed in question 1, please provide the number of patients by the following age group:

- **Age 6-11**
- **Age 12-17**
- **Age 18 and above**

The Trust is unable to provide this data as it is not recorded centrally, if recorded it would be held within individual case notes. As case notes are for the care and treatment of patients, we do not request staff to interrogate them in order to collate the information required to respond to Freedom of Information requests.

The Trust has a policy of not releasing information when the data involved is less than 5. This is because we feel that such low numbers could make the individuals involved identifiable and therefore may cause undue harm and distress.

To disclose this information would:

- Contravene the Data Protection Act principles in that it would amount to unfair and possibly unlawful processing, as there was a legitimate expectation by the third parties that this information would remain confidential, and
- Disclosure may cause damage or distress to the individual(s) involved, and that damage or distress would be unwarranted (section 10 of the DPA).

If you are not entirely satisfied with this response, please do not hesitate to contact the Information Governance Department via the email address provided. If we do not hear from you within 40 days, we will assume that we have been able to accommodate your request under the Freedom of Information Act 2000.

Yours sincerely,

Gary Masterman
Deputy Chief Pharmacist
