Response Due: 21st August 2024

Date: 21st August 2024

Dear Sir/Madam

With reference to your request for information received on 24th July 2024, I can confirm in accordance with Section 1 (1) of the Freedom of Information Act 2000 that we do hold the information you have requested. A response to each part of your request is provided below.

In your request you asked:

1. Do you use a tool for Surveys? (a survey tool would help to create the survey, design the questions, distribute the survey, drive responses, and build out reports and insights into the data)

The Trust uses Audit Management and Tracking System (AMaT) which has the function to create surveys, HealthCare Communication (HCC) to survey our patients for the NHSE mandatory Friends and Family (FTT) return and the Trust also uses Tenable to manage monthly matron audit and weekly ward manager audit.

2. If so, which supplier do you use for this tool?

Audit Management and Tracking System is supplied by Meantime AMaT. HealthCare Communication is supplied by Picker. Tenable is supplied by Tendable.

3. How much do you spend annually on a Survey Tool?

This information is being withheld under Section 43 of the Freedom of Information Act. Please see below.

4. Which month & year does your contract with your supplier end?

The AMaT contract ends in January 2025, the HCC contract ends in March 2026 and the Tenable contract ends in 2025.

5. Who is the budget holder for this contract?

Paul Howard, Corporate Affairs.

Section 43(2) – Commercial interests

Information regarding annual spend has been withheld under section 43(2) of the FOIA if its disclosure would be likely to prejudice the commercial interests of the Trust.

Section 43 of the FOIA is a qualified exemption and is subject to the Prejudice Test and the Public Interest Test.

Prejudice test

We confirm that we have carried out a full prejudice test and that, on the balance of probability, the Trust's interests would be prejudiced in the event of disclosure. Therefore, we confirm that the Prejudice Test is engaged.

Public interest test

We have also carried out the Public Interest Test to ascertain whether the public interest in disclosure outweighs the public interest in withholding the requested information:

Public interest in disclosure of the information:

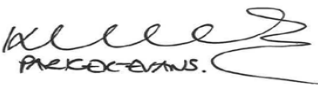

- We acknowledge that there is public interest in transparency around how the Trust engages with suppliers and procurement.
- We acknowledge that there is public interest in the Trust's finances.

Public interest in withholding of the information:

- **Protecting public finances** – As a public authority, the Trust must ensure that it obtains the best value for money. Disclosure of the information would be likely to affect the quality of future offers provided to the Trust. It is therefore firmly in the public interest not to disclose any information which would affect commercial offers made to the Trust, which in turn will affect the Trust's finances.
- **Ensuring fair competition** – Information provided to the Trust during the procurement process contains sensitive competition information. It is not in the public interest to disclose information which would affect free and fair competition.
- **Transparency** – We understand that there is public interest in how the Trust engages with suppliers. However, we consider that the information held by the Trust would not significantly further the public understanding of its relationship with these suppliers beyond what has already been disclosed in this response.
- **Reputation damage or loss of confidence** - It is firmly in the public interest that the Trust takes all steps to protect its reputation around information handling. It is not in the public interest to do anything which would jeopardise our ability to maintain strong working relationships with third parties.

If you are not entirely satisfied with this response, please do not hesitate to contact the Information Governance Department via the email address provided. If we do not hear from you within 40 days, we will assume that we have been able to accommodate your request under the Freedom of Information Act 2000.

Yours sincerely,

KEVIN PARKER-EVANS
