

Helping my attention and listening

Turn-taking games
help me to look,
listen and wait. We
could take turns
with...

copying
sounds

building
blocks

bubbles

I like it when
you follow my
lead and let me
choose what we
play with

it helps me
when you say
my name
before talking
to me

Did you
know?

Distractions
like the TV,
phone or tablet
make it hard
for me to
concentrate
