

Helping my understanding and talking

Talk about
what I can see

When you ask me a
question, give me 10
second thinking time
before asking me
again or repeating
what you have said

Use gestures, real
objects, or pictures
to help me
understand what
you are talking
about

I like it
when
you...

Most
importantly,
let's have fun
together!

Show me how to
join words together
e.g. if I say 'car',
you could say 'red
car'

Make comments
and describe what
we are doing
instead of asking
me lots of questions
